

Novel Questionnaire

ComStar Media, LLC is a publishing company looking for authors to write original novels. We are dedicated to offering great stories by unknown authors, giving them a foot in the door, as it were, of writing for publication. If you are interested in getting a novel published, please fill out this questionnaire in its entirety and submit it to jenniferlee@comstar-media.com. Please do not send it as an attachment but as a part of the body of your email. Please make sure that your email is formatted in a way that will be easy to read and understand the important answers to these questions. Please use only one questionnaire per story.

Thank you for your cooperation.

Full Name:

Pen Name (*this is the name you want to be known by to the readers*):

Email Address (*please only include email addresses that you check on a regular basis*):

What kind of stories do you like to write? (*Examples: Historical Fiction, Horror, Romance, Fantasy, Super hero, Science Fiction*)

Would you be willing to allow readers to write fan-fiction about your characters and concepts?

Title of Your Submission:

Rating of Your Submission (*Examples: G-General, PG-Parental Guidance, R-Adult Content, etc.*):

Do you have the ability to easily obtain the word count of your stories? (*If you're submitting a questionnaire on a story you've already written, please indicate the word count here.*)

Would you be willing to sign a legal document that would indicate that you have the right to give authorization to publish this story, as it is an original work by you?

Please submit a two-page summary of the story you are proposing to write/publish through ComStar Media, LLC. Alternatively, if you've already written the novel you can submit a chapter-by-chapter breakdown of the story. Please include a summary of all

major story arches. Whether you do the summary or the breakdown, please do not leave out a major story arch or the ending of the story. The purpose of this is not to entice us to read your book, but to publish it. If you leave off the ending or a major story arch you could be sabotaging your chances for publication as we are not interested in publishing a book that doesn't have an ending and your major story arch could have been your biggest selling point.
